To Whom It May Concern,

I had the opportunity to work with Raegan Ford Interior Design on the renovation of the Alpha Phi sorority house at the University of Arizona. Raegan Ford demonstrated professionalism throughout the entire project. We had weekly team meetings during the renovation project to ensure that information was being communicated and timelines were being met. Her team was organized, prepared and responsive. They provided elevation drawings where needed and specified the material selections for the project. Raegan and her team were also quick to solve field or design issues during the project. I would welcome the opportunity to work with Raegan Ford again and I would not hesitate to recommend her for design services.

Please feel free to contact me if you have any additional questions

Sincerely,
