

CHESTNUT
BUILDING & DESIGN

To whom it may concern,

I had the pleasure of working with Raegan Ford Interior Design on a three-year renovation project at the Alpha Phi sorority house at the University of Arizona in Tucson. As the owner of Chestnut Building & Design, based in Tucson, Arizona I have worked with multiple vendors and partners on various projects and I am happy to recommend Raegan Ford Interior Design as a design partner for any large-scale project.

Even though the office of Raegan Ford Interior Design was located in Phoenix, the owner Raegan Ford collaborated and communicated flawlessly with myself, my team, the architect and our client. Whenever an unexpected issue arose during the project, she was responsive and proactive in helping us resolve the issue. She is a team player and can be counted on to get things done.

Raegan and her team are very detail oriented. They provided us with the appropriate drawings and all of the material requirements according to the project schedule, so my team had the information and we were able to complete the project on time.

Thank you,

Patrick Johnson
President
